Jaunty Textile, a Division of Advanced Textile Composites, Incorporated, Scranton, PA; Notice of Revised Determination on Reconsideration

On July 3, 1996, the Department issued a Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to all workers of Jaunty Textile, a Division of Advanced Textile Composites, Incorporated located in Scranton, Pennsylvania. The notice was published in the Federal Register on August 2, 1996 (61 FR 40453).

Investigation findings show that the workers produced woven synthetic fabrics. The workers were denied TAA because the "contributed importantly" test of the Group Eligibility Requirements of the Trade Act was not met.

By letter of August 2, 1996, a company official requested administrative reconsideration of the Department's findings. The company provided new information regarding a major customer, reducing purchases from Jaunty, that had been inadvertently excluded from their list of customers. On reconsideration, the Department surveyed the customer. New investigation findings on reconsideration show that the customer began importing synthetic woven textiles in 1996.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that the workers of Jaunty Textile, a Division of Advanced Textile Composites, Incorporated, Scranton, Pennsylvania were adversely affected by increased imports of articles like or directly competitive with synthetic woven textiles produced at the subject firm.

"All workers of Jaunty Textile, a Division of Advanced Textile Composites, Incorporated, Scranton, Pennsylvania, who became totally or partially separated from employment on or after May 1, 1995, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed in Washington, D.C., this 30th day of September 1996.
